ABOUT REZVAN INTERNATIONAL

Building Reliable Connections

Between Buyers and Iranian Suppliers

Rezvan International is an export management and sourcing brand focused on connecting international buyers with selected Iranian products and reliable local supply partners.

We work with buyers who are looking for quality products from Iran and support them throughout the sourcing and export process — from identifying suitable suppliers and products to communication, negotiation and export coordination.

OUR APPROACH

01 Reliable Sourcing

We focus on identifying suitable suppliers and products according to the buyer's requirements.

IN COOPERATION WITH ASL MARKET

Rezvan International provides an international-facing platform for sourcing and export coordination from Iran.

02 Clear Communication

We maintain direct and transparent communication between buyers and our local supply partners.

03 Long-Term Relationships

Our goal is not simply to complete a transaction, but to develop reliable and lasting international business relationships.

SELECTED IRANIAN PRODUCTS

From Iran to International Markets

Saffron • Pistachios • Dates • Raisins • Dried Fruits

Iran is home to some of the world's most distinctive agricultural products. We work with selected local supply partners to source products according to the requirements of international buyers.
